

# Gustaf Wallström – Resumé

## Education

Technology and design      2010 - 2013  
Haraldsbogymnasiet,  
Falun

Master of Science in      2016 -  
Engineering,  
Media Technology,  
Linköpings universitet

## Employment

### Exsitec

Summer of 2020

Summer internship at Exsitec as a software developer. Researched about the difference between developing with Angular and the low code framework PowerApps. I made many small projects with the purpose of displaying and managing data from business-APIs.

### Sectra

2018 - 2019

- Worked as a Student Brand Manager, representing the company at Linköpings Universitet during the school terms in third grade.
- Summer intern during the summer of 2019 in a team of other students. My role was tester/developer for a web-based image viewer used in medical IT.

### Billerud Korsnäs

2017 - 2018

Restocked material for the operators at the papermill for two summers.

### Other experiences

Between 2013 and 2016 I worked as a salesman and with tourism.

## Software Toolbox

An attempt to rate my skills within different programs and languages.  
Grade between 1 and 5 where,  
1 = useless and 5 = expert

JavaScript	  
HTML/CSS	   
Angular	 
C++	  
Java	  
Python	 
Matlab	   
Unity/Unreal Engine	 
Blender/ 3DS Max	 
Photoshop/Premiere Pro
